

DOMAINDAO.x

State Your Name X Stake Your Claim

Powered by GhostFire Digital | AI Digital Underground

The Problem

- ✗ Domains stuck in Web1 — marketplaces are bland gatekeepers
- ✗ Generational inertia — early .com holders stagnate
- ✗ Speculation > Utility — culture & innovation ignored
- ✗ Missed opportunities — no DAO, no AI-native governance

Our Solution

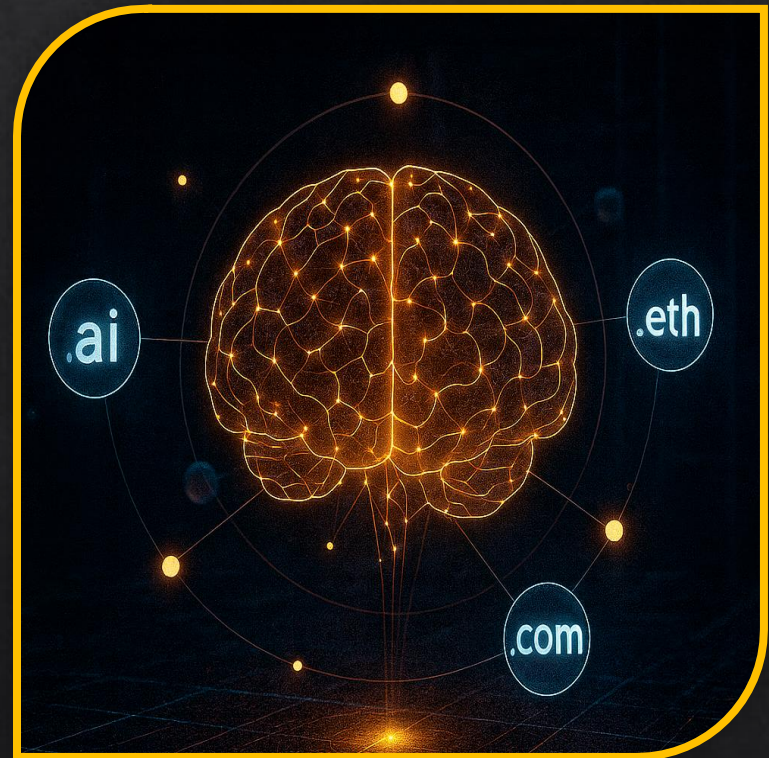

DomainDAO.x = AI-enhanced, DAO-powered identity infrastructure

ChainGPT-powered valuation + classification

Token-gated communities tied to domain NFTs

AI-generated governance proposals

Cross-chain portable identities

Market Opportunity

 \$610+ .AI domains (2025)

 \$400B+ AI industry (2027)

\$22B+ domain market

 \$30B+ DAO treasuries

 \$16T+ tokenized assets by 2030

→ No DAO uniting domain industry yet: massive whitespace

Architecture

Tokenomics Preview

\$DAOmains

- Governance rights — propose & vote
- Stake for gated access + perks
- Earn rewards for curation & participation

Roadmap

- **Phase 1 (0–3m):** MVP testnet, ChainGPT valuation, gated chat
- **Phase 2 (3-6m):** AI proposals, DAO voting, dispute resolution
- **Phase 3 (6–12m):** \$DAOmains token launch, cross-chain bundles

Impact & Use Cases

TokenUp.ai

BlockBond.ai

Valulation + Tokenization

Token-gated Utility

- Domains as programmable, intelligent governance assets
- Curated naming seasons + registry tools
- DAO-powered naming games and cultural drops
- Bridges AI + Web3 identity

The Ask

Seeking \$50K via ChainGPT
Builders Program

ChainGPT API integration

Frontend MVP + governance tools

Token-gated pilot launch
